EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claim 25, line 20, "and/or" has been changed to --or--.

The following is an examiner's statement of reasons for allowance: for claims 5 and 18, they are the reasons as set forth in the Office Action of 3-24-05. For claims 25 and 27, it is the inclusion of the method steps requiring performing work operations on the roof from atop the work platform, by accessing the access section, as the platform is suspended in its operative position a short distance above the roof by a suspension means, whereby at least part of the weight of the platform is carried by the roof and the suspension means, and the platform is stabilized/cushioned relative to the roof by guys or struts and a gas filled compartment, respectively. The prior art of record fails to teach or suggest the claimed features absent the applicant's own disclosure.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
